### MEDIUM DUTY SPRING TINE HARROWS SERIES 06 - THE POPULAR ALL-ROUNDER

The Series 06 is a medium duty Spring Tine Harrow System popular with farmers for levelling operations in conjunction with primary and secondary tillage implements. Series 06 Harrows employ double spring tines available in Kinked or Straight Tines, both 10mm in diameter. The tine angle is adjustable to suit your field conditions.

3 rank and 4 rank versions are available in three sizes ranging from 1.37 (4'6") to 2.28m (7'6"). Murrays' also manufacture an extra wide 14" (335mm) Rank Spacing Straight Tine units which seeks to provide superior trash flow handling capabilities.

Manual lifting has been eliminated with harrows able to be folded and travel with the principal implement.
